## 1.0 Purpose

To define the circumstances when a non-member of the LBC can participate in an event or activity at the LBC.

## 2.0 Policy Details

1. A guest is any bowler who is not a member of the BBC LBC and is not a registered participant in an OLBA or other tournament taking place at the BBC LBC.
2. Prospective new members are allowed to participate in up to 4 training sessions at the beginning of the season. A waiver form must be completed.
3. A member can bring a guest to open bowling but must ensure the guest completes a waiver form the first time and is responsible for ensuring the guest is aware of proper delivery technique to minimize damage to the greens.
4. Members are encouraged to limit their guests to 4 visits in the season.
5. Guests cannot register for jitneys. They may participate only if space is available after all registered and waitlisted members are assigned to teams on the day of the jitney.
6. Upon request by a member, a guest can be added to the “Social” mailing list so that they are aware of registration timing and process for the next season.
